*** HOW TO OBTAIN A RESIDENTIAL BASEMENT FINISH BUILDING PERMIT ***

(Last Update: April 1, 2025)

Step #1: Complete Residential Building Permit Application (see attached)

Step #2: Prepare Floor Plan of the Basement.

Construction drawings should include elevations, floor plans and materials list.

Step #3: Submit the Application and 2 sets of Floor Plans of Finished Basement to the Township Office

1. Applications for finishing basements require plan reviews. A residential plan review fee of \$50.00 is payable at the time the application is submitted. The review may take up to 15 business days to process. Once the review is completed, the Township will call to indicate the permit is ready to be picked up. One copy of the drawing will be returned to the applicant, and one copy will be retained for Township files.
2. The permit fee is dependent upon the cost of the project at \$4.00 per \$1,000 of construction cost, and also includes the following:
 - \$4.50 PA State Surcharge
 - \$25.00 Electrical Permit
 - \$25.00 Plumbing Permit
 - \$50.00 per required inspection (Number of inspections depends upon the complexity of project. Re-inspections due to failed inspections may require additional fees)
 - \$25.00 Certificate of OccupancyFees are payable in cash or check made payable to York Township.

Step #4: Permit Placard must be placed in the front window of the residence and construction of Finished Basement may begin.

The permit is valid for one (1) year.

Step #5: Call 717-428-5641 to schedule required inspections.

1. Inspections require at least 24 hours' notice.
2. Inspectors will leave an approval sticker or notice of violation with the results of the inspection.
3. When all required inspections have been completed and passed, Request for Certificate of Occupancy must be submitted to the Township. Once you receive the Certificate of Occupancy, the permit placard may be removed from the front window of residence and finished basement may be occupied.
